who we are

We are a niche multi-service private office.

We are an independent team of professionals with solid experience in the legal, financial and offshore business.

We apply entrepreneurial spirit with personal approach to the needs of the international clients seeking strategic and confidential planning solutions.

Our focus is on long-term client relationship.

We place great importance on personal contact and excellent communication.

Our vision is trust and excellence.

what we do

Our core business is the creation and administration of structures, including trusts and companies in various offshore and on-shore jurisdictions.

We provide offshore fund administration services.

We collaborate with banks and our trusted network of international independent intermediaries and advisers to fulfill our clients' objectives.

In conjunction with our associate partners, we offer access to and advice on select alternative and lifestyle investment projects.

We have close links with the world of art and international galleries.
